This week's herbal quiz...

This photo was taken March 12. You are looking at the one with purple flowers

surveys - Take Our Poll

Find out the answer next week!

Last week's answer:

Chickweed has... None of the above are true. TRICK question! It has opposite leaves, leaf edges ARE smooth, BUT it is an annual. Most of you got this! Nice work...

SPOILER ALERT! Feel free to discuss the answer below.

Try to answer first before reading comments.
